System and Purchase Price

Description of the Project and Description of the Significant Materials to be Used and Equipment to be Installed

Solar System		\$23,328.00
9.6000 kW DC Solar Panels	\$5,365.44	
Installation, Permitting, and Other Fees	\$13,763.52	
Inverter(s) & Balance of System	\$2,799.36	
Mounting Hardware	\$1,399.68	
Powerwall		\$18,500.00
2 x Powerwalls	\$17,000.00	
<i>(Includes integrated or separate System communication device)</i>		
Powerwall Installation	\$3,000.00	
Powerwall + Solar Discount	(\$1,500.00)	
Taxes		\$2,067.82
Contract Price		\$43,895.82
Credit for Order Payment	(\$250.00)	
Amount Due		\$43,645.82

Schedule of Payments

Paid at Order **\$250.00**

Due Within Five (5) Days of Inspection **\$43,645.82**

The schedule of progress payments must specifically describe each phase of work, including the type and amount of work or services scheduled to be supplied in each phase, along with the amount of each proposed progress payment.

IT IS AGAINST THE LAW FOR A CONTRACTOR TO COLLECT PAYMENT FOR WORK NOT YET COMPLETED, OR FOR MATERIALS NOT YET DELIVERED. HOWEVER, A CONTRACTOR MAY REQUIRE A DOWNPAYMENT.

Energy Purchase Terms

Thanks for your purchase! Now that we have completed your order for your Solar System, including any Tesla Powerwall(s) you also ordered (all of which we call your "System" below), the next step is to prepare for and schedule installation of your System. In the meantime, below are some basic terms we need you to agree to in order to make sure we are on the same page (and along with this document are some required disclosures for you to review as well). We look forward to working with you and are excited that you are joining our effort to transition the world to sustainable energy!

1. **Your Purchase Price.** You have agreed to purchase your System at the price described in your Price Sheet. Your Price Sheet, which is considered part of these purchase terms, includes taxes. You have 7 days after you receive the Price Sheet and these purchase terms to reject them. If you don't reject them, or if you move forward with scheduling your installation, that means you are agreeing to the Price Sheet and these purchase terms.
2. **Updates to Price Sheet.** Even though we have completed the initial design of your System, we might need to make changes to that design, which also means we might need to update the pricing or System size based on a variety of factors, such as installation complexity or product availability. If that happens, we will update the Price Sheet. You have 7 days after you receive the updated Price Sheet to reject it. If you don't reject it, or if you move forward with scheduling your installation, that means you are agreeing to the updated Price Sheet and authorize us to develop and submit permit packets and otherwise prepare for your upcoming installation. The updated Price Sheet replaces any prior Price Sheet and is considered part of these purchase terms that you are agreeing to (unless you rejected the update). Tesla can also decide to increase the size of your Solar Roof at no additional cost to you.
3. **Cancellation.** At any point prior to the time when you schedule your installation, you can cancel your order for any reason. And so can we. We both just need to let the other know in writing (so there is no misunderstanding). We will return your order fee for any cancellations up until when you have agreed to final System design and pricing in the Price Sheet, after which your order fee is non-refundable.
4. **Home Owner's Association.** If your home is governed by a home owner's association or similar community organization, you are responsible for getting any required approvals and authorizations for your System.
5. **Installation.** We will contact you to schedule installation of your System. During installation, we might choose to make minor repairs commonly needed to install the System at no additional cost to you (like simple electric upgrades and roof preparation). We promise to repair or pay for damage we directly cause to your home or your property during installation of your System. If we fail to do that, please let us know, and we will make the repair (or have someone repair it) at our cost (and that will be your only remedy). But you need to let us know in writing and within a certain amount of time following the damage: within 10 years for Solar System installations, 4 years for Powerwall installations and 1 year for anything else.
6. **Equipment Limited Warranties.** Your solar panels and inverter come with a warranty from their manufacturers. The solar panel warranty will be at least 25 years and will guarantee at least 80% of nameplate capacity for at least 10 years. Your inverter warranty will cover defects for at least 10 years. You agree we can make warranty claims for you for your solar panels or inverter. If your order includes Powerwall(s), your Powerwall(s) are covered by the Tesla Powerwall Limited Warranty. These warranties are considered part of these purchase terms.
7. **Remote Monitoring and Firmware Upgrades.** You agree that Tesla can access your System remotely to monitor its performance, perform diagnostics and upgrade firmware.
8. **Grid Services.** We might contact you about ways in which your System can support the reliability of the electric grid and you agree we can contact you for that reason.
9. **Tesla Intellectual Property.** Tesla owns all patents, trademarks, copyrights, trade secrets and any other intellectual property rights associated with your System. Tesla gives you a limited, non-exclusive, license to use any software embedded in your System solely in connection with the use and operation of your System.
